2018 Convention Review
“The numbers clearly show that after 35 years, our convention is not only more relevant than ever, but also that the desire to engage and support LGBTQ travelers is expanding across the globe. Our participants include the thought leaders of our market and will help IGLTA to advance LGBTQ travel globally throughout 2018 and beyond. I’m so proud of the content we shared and the connections that were made this year in Toronto, our incredibly warm and inclusive host city.”

- John Tanzella, IGLTA President/CEO

“With 40 countries represented, Toronto welcomed the world for IGLTA’s Annual Global Convention, a true passion project for all of us both times the convention has come to Toronto. Toronto is one of the most welcoming and inclusive cities in the world and that sense of welcome was on full display during IGLTA. On behalf of Tourism Toronto and all of our partners, congratulations on a spectacular 35th convention.”
